## Exhibition display units available

2024 sees the 80th anniversaries of momentous turning points of WWII. To help you mark these in your communities we have produced free-standing exhibition units that display those important anniversaries. The first is D-Day and the Battle of Normandy, and the second references anniversaries of other 1944 battles, including Monte Casino, Kohima, Imphal, Operation Market Garden, and the Battle of the Scheldt. Branches can look out for more information about the displays and order process in Central News and on [MAP](#). ## Manifesto - Keep the Covenant Promise in 2024

RBL and Poppyscotland's General Election Manifesto 2024 calls on the next UK Government to strengthen the Armed Forces Covenant Duty to include UK and devolved Governments and cover all policy matters. If this happens the Armed Forces community will be assured that all public services, throughout the UK, will fully embrace the principles of the Armed Forces Covenant. This will eliminate disadvantage and provide specialist care for those who deserve it the most.

## Government removes barrier for non-UK Armed Forces families

Our [2024 General Election manifesto](#) urged the Government to abolish the minimum income requirement for personnel to bring family members born outside of the UK to the country they serve. RBL and Poppyscotland believe that making it impossible for personnel to spend their evenings and weekends with their loved ones undermines their Service to the UK and contradicts the Armed Forces Covenant. We are delighted that the Government has responded to our campaign and will bring the income requirement for those who serve to the minimum Armed Forces salary, allowing family members to join serving personnel in the UK without barriers.
